

CHCCCS013 PROVIDE BASIC FOOTCARE

DO YOU PROVIDE SERVICES TO CLIENTS REQUIRING BASIC FOOT SKIN AND NAIL CARE? ARE YOU LOOKING FOR AN OPPORTUNITY TO UPGRADE YOUR SKILLS?

This unit describes the skills and knowledge required to determine foot care requirements, and prepare and use basic equipment and medicaments for those people not requiring services of a professional podiatrist.

This unit applies to workers who provide care to older people and follow an established individualised plan in a range of residential and community service contexts.

Training objectives

You will be observed in a simulated environment that reflects workplace conditions. The following conditions must be met for this unit:

- provided basic foot care services to at least two people
- followed established techniques, infection control guidelines and safety procedures for each of the following:
 - » washing and drying of feet
 - » nail filing
 - » skin care
 - » biological waste disposal
- use of suitable facilities, equipment and resources, including:
 - » medicaments
 - » nail files
 - » foot washing equipment
 - » personal protective equipment
 - » individualised plans
 - » infection control procedures
- cleaning, disposal and sterilisation facilities
- modelling of industry operating conditions and contingencies, including:
 - » real people simulating minor foot problems for whom candidates can provide foot care
 - » stringent infection control procedures.
