

GET BACK IN BLACK WITH EXPERT HELP.

ACHIEVE FINANCIAL SUSTAINABILITY TODAY.

If you've been working hard at your business but can't seem to get out of the red, **Back in Black consulting** from **Leading Age Services Australia (LASA)** can help.

Back in Black is a step-by-step business consulting service for providers of residential aged care that identifies areas for improvement and develops tailor-made solutions to optimise operational processes and financial outcomes, while delivering best-practice care.

Conducted by experts in business as well as age services, our specialist reviews of your operations will help devise a long-term sustainability strategy to support your success in a rapidly changing regulatory framework.

For large and small residential aged care operators, we aim to understand your needs to provide you with a clear roadmap that matches your vision and values.

Because compromising on care is never an option, our business solutions will always be based on delivering on your commitment to safety and quality.

The comprehensive **Back in Black** program will cover all aspects of your residential aged care business operations, including profit & loss, ACFI data, rostering, HR issues, occupancy figures, industrial instrument compliance and operating efficiencies.

To ensure you get seamless support, you'll be matched with a specialist from our LASA team who will manage the entire program of works.

With on-site and off-site options available and pricing to suit, **Back in Black** is the answer you've been searching for!
