

Hi, my name is [INSERT NAME] and I live here at [INSERT PLACE]

The staff do an amazing job at keeping me healthy, safe and happy.

The only way that I can stay healthy is if YOU do not bring unwanted Infections from the community into my home.

So I kindly ask you that you do not enter as you pose an immediate and potentially life threatening danger to me and those I share my healthy, safe and happy home with.

With thanks.... [INSERT NAME]
